## Springfit™ 435ML FFP3 with Typhoon™ Valve - Box of 10

### Integrated Structural Comfort

The NEW SpringFit™ fold flat disposable mask achieves an unrivalled secure fit with the use of a unique endoskeleton structure. SpringFit™ introduces an abundance of features that maximise fit, comfort, compatibility and performance.

### Features & Benefits

#### The SpringFit™ Range.

Available in FFP3 and FFP2 valved and unvalved, with a nuisance odour carbon layer available on the FFP3 model.

#### Typhoon™ Valve.

The Unique Typhoon™ valve has been designed to reduce breathing resistance, heat and moisture build-up. The valve is unaffected by any moisture, and therefore can be used with the same performance under very low temperatures.

#### Compact.

The fold flat design makes SpringFit™ more compact, and easily pocketed. SpringFit™ is also individually packed to ensure a high level of hygiene.

This mask provides protection against welding fumes. See our leaflet on welding fume legislation - [Welding Fume Control](#) and our welding fume control information page - [Welding Fume Control Information Page](#)
